

2017-2018 Staff and Volunteer Training

New state standard changes have been made that require us to provide training to all people who will be working within the classroom. In lieu of in-school training the school has provided an online presentation that covers all of the necessary information. If you do not have access to a computer then a paper copy can be provided. Please make sure to read all of the information as it may be questioned by the state on their random visits. **In order to work in the classroom this form must be signed and returned, otherwise other arrangements will need to be made.**

Directions:

- 1) Visit the link listed below and view the slides (link is also available on the school website)

- 2) Sign this form and return it to the Family Co-Op Nursery School

By signing this document I state that I have read and understand the information provided to me in the presentation. I understand the guidelines to follow in case of an emergency and I am equipped to assist students in the event of an evacuation. I understand that by volunteering in the classroom I am considered staff. I will be required to uphold the standards set by the school and state.
